### GEATFC MINUTES SUMMARY

#### General Education Ad Hoc Task Force on Curriculum

March 18, 2019. 8:30AM CAUDELL Classroom

Present: Doody, Anselmi, Foraker, Guariono, Abromeit, Marren, Wall, Acar, Faherty-Nielsen, Weber; Liao and Masci could not be present due to last-minute room change.

Grinnell and Sharma presided as co-chairs for the meeting

- Recommendations for the SUNY General Education Working Group paper are due in writing by submitting comments on May 1, 2019. Marren to work with Masci on getting the SUNY General Education Working Group paper announcement in the Daily for Thursday. All campus will be invited for comment on the paper.
- Work groups shared their processes for working on the Provost Gen Ed proposal. Discussion on track changes vs. google docs took place.
- Sharma clarified that once the work groups have had a chance to review the reports, three work sessions will be scheduled where each work group will be able to present their reports to the rest of the task force. This will potentially avoid overlap of comments if any.
- In addition to reviewing the report, WG-2 and WG-3 should also compare the report with the SUNY Green paper. Comparing similarities and differences between the two proposals would be a charge of these two work groups as well/
- Discussion on implementation process with regard to SUNY IF credits listed on P11 of green paper also took place.
- All work group leaders to send their report of the work done till 4.3.19 to Grinnell and Sharma.
- Grinnell urged the task force to start the process. Engagement and initiation of the process would be required to move forward.
- Sharma to work with Masci to identify a different venue for the 4.8.19 meeting.
